ZHENGMU

Tianchang Zhengmu Aluminum Technology Co., Ltd

CORPORATE BROCHURE

We are the most advanced baseball bat manufacturer!

TianChang Zhengmu Aluminum Technology Co., Ltd. is a professional manufacturer and exporter of sports items.

We specialized in baseball and softball bats, bats accessories, baseball and softball, badminton sets, volleyball sets, volleyball and badminton combo sets, badminton rackets, bocce balls, horseshoes sets, croquet sets, tetherball sets, cornhole sets, giant tumbling blocks, volleyball, basketball, football, rugby, many kinds of bags, volleyball carts, mini basketball hoop set, sports accessories, etc.

We have the most advanced and latest technology and equipment to make our products. To make sure our clients will receive high quality goods from us, we have strict quality control system to control the whole production process, we will 100% check the goods carefully before they are shipped out.

We have professional sales team to service our clients via multiple languages, know their needs and satisfy their requirement. Our products have mainly been sold to Asian, European and American markets.

Our philosophy: Best in Quality, Competitive Price, Timely Delivery, Efficient Service.

3K/6K COMPOSITE BAT

Multiple layers of 100% aerospace grade

Composite end cap

is specially designed for maximum composite barrel flex.

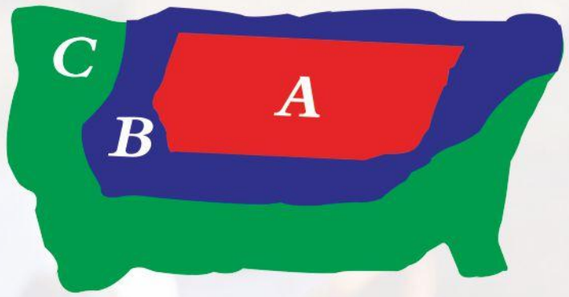
The parts of leather



The factory divides a piece of leather into three levels: A、B and C. About 40% of the leather used for level A(the back part of the leather), about 30% of the leather used for level B(the part of the leather between the back and the belly) and about 30% of it used for level C(the belly part of the leather). The edges of belly part and the fur under the alar will be aborted or be used to make a ball with second level.

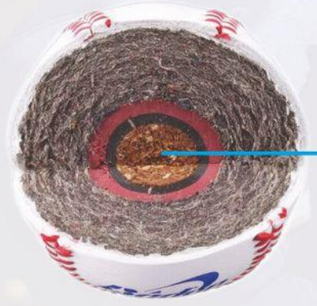
Performance Raised Seam

Featuring the consistent height,width and durability the game demands.

No:ZM053

CoreBond

Keep leather tight to the core, elininating stretch and runue softness found in other baseballs.



Ballistic Winding Technology

proprietary winding technology produces a more durable ,high compression core for maximum performance.

HAMMOCK BALL CART

- *Tempered aluminum alloy frame for strength and durability*
- *Easy lever locking system*
- *Clear, non-marking rollerblade wheels*
- *Nylon bag with reinforced seams for maximum durability*
- *Gusseted sides keep balls from bouncing out*
- *Clipboard and water bottle pockets on side*

PORTABLE BALL CART

- *Tempered aluminum alloy frame for strength and durability*
- *Push button locking system for easy packing*
- *Nylon bag with reinforced seams for maximum durability*
- *Bag hangs within frame to protect balls*
- *Clear, non-marking rollerblade wheels*
- *Zip up, lockable top closure panel*
